Models Film Land Styles

HOLLYWOOD, California — (NPS) — Charming Nina Mae McKinney, evokes every ounce of her glamor to match the preview fashion apparel she models here. L to R the star models a not too radical interpretation of "modernism" in a wool suit of black and high shade green. A monstrous rounded button-beret in velvet gives the new "heavy" hat effect; and for outdoors at right, Miss McKinney chooses a cardigan suit of blue men's wear wool-made in California by Rosenbloom.

Accept Race Nurses In Maryland Ass'n

BALTIMORE — (A N P) — A letter to Mrs. Mabel K. Staupers, executive secretary of the National Association of Colored Graduate Nurses, from Mrs. Blanch G. Powell, executive secretary of the Maryland State Nurses' Association of Colored Graduate Nurses, revealed that "the Maryland State Nurses' association has voted to accept colored graduate nurses who are registered in Maryland as members."

Acceptance of Maryland Negro nurses into the association represents the third southern state that has removed discriminatory barriers against Negro nurses since 1942. The others are Delaware and Florida.

A membership drive for 6,000 new nurses by January, is the goal set by the National Association of Colored Graduate Nurses.

Can't Assure Delivery After 12 On That Date

WASHINGTON, D. C. — (SNS) — Post Office authorities have set December 1 as the deadline for mailing Christmas packages for delivery in continental U. S. A., with assurance that they will be delivered before December 25. The reasons for this decision have been set forth as follows:

Postal and transportation officials expect that the 1944 Christmas gift mailing within the United States will top 1943 by 25 per cent. Furthermore, they believe that not only will more gifts be sent, but also that they will travel greater distances owing to wartime population dislocation.

Transportation and delivery of Christmas packages at a time when postal and transportation facilities are already burdened by wartime demands present a major war problem.

Passenger, furlough and casualty travel has increased in even higher proportions.

More than 50,000 postal employees have entered the armed services, and they have been re-

AKA's Plead For Response To Opening

WASHINGTON, D. C. — (SNS) — The National Non-Partisan Council on Public Affairs of Alpha Kappa Alpha Sorority, this week, made a special appeal that all qualified Negro women interested in joining the Women's Reserve Corps of the Navy—WAVES or SPARS—make application immediately to their nearest recruiting station in order that a backlog of recruits be established for induction after January 1 in accordance with the recently announced plan of the Navy.

Making the appeal for the AKA Council Norma E. Boyd, national chairman, urged that women take advantage of the hard-won gains to serve their country and help themselves personally. Speaking of the Navy's new policy to accept Negro women, Miss Boyd said, "We have only gotten over the first hurdle, and that was an important one, but our larger responsibility is that of following through to see that Negro women take this advantage to forge ahead to greater opportunity for themselves and to help bring about the ultimate defeat of the enemy."

BENEFITS GOOD

"Benefits which accrue to women veterans when they are discharged are the same as those which men receive," Miss Boyd said. "These include the provisions of the popularly known 'G. I. Bill of Rights' which offers, (1) free education up to 4 years for those under 25 years of age at the time of induction and whose education was interrupted; (2) base unemployment compensation of \$20.00 a week for a maximum of 52 weeks during the first two years after discharge; (3) Government guarantee of 50 per cent loans up to \$2000 to establish homes or businesses; (4) Veterans placement services to assist in obtaining civilian jobs; and (5) a five-man Army-Navy Board to hear complaints and rule on appeal of discharged veterans seeking additional compensation on numerous grounds."

All applications for the WAVES or SPARS whether for officers training or enlisted personnel must be citizens of the United States, in sound physical condition, not less than 5 feet in height; if married, must not have children under 18 years of age, and must be able to furnish reference of character and ability. In addition, specific

placed with less experienced personnel.

Instead of bulky packages, the P. O. authorities suggest that people give war bonds and stamps as Christmas presents. A gift of war bonds or stamps can be more easily wrapped, mailed and carried over long distances than bulky parcels. Valuable transportation space will be saved if millions of people this year say "Merry Christmas" with war bonds or stamps. And of course, every purchase of war bonds and stamps helps to hold down prices and to prevent possible wartime inflation.

You can render a real service by mailing your Christmas packages early.
